EXPERIENCE

Aarambha IT Research Center Pvt. Ltd.   **July 2024 – Feb 2025**
Frontend Web Developer   *(Pokhara, Nepal)*

- Developed **3-4 high-performance**, responsive websites from scratch using **Next.js**, optimizing **SEO** and ensuring cross-browser compatibility.
- Revamped a **catering website**, significantly improving response time, UI/UX, and functionality under tight deadlines, enhancing client satisfaction.
- Regularly resolved **Git merge conflicts**, ensuring smooth version control and collaboration within cross-functional teams.
- Consistently received **positive feedback** from the manager and clients for delivering quality work and meeting project objectives.

Everest Technologies Pvt. Ltd.   **Jan 2024 – July 2024**
Frontend Web Developer Intern   *(Pokhara, Nepal)*

- Developed an **invoice generator**, improving **React** proficiency.
- Gained hands-on experience with **TypeScript**, **Zustand**, **React Query**, **TanStack Table**, and **Git/GitHub** while working on a **restaurant management system**.
- Built and integrated key features, including **adding/editing/deleting** dishes to the menu and managing spaces and tables within the system.
- Collaborated effectively using **Jira**, managing tasks and workflow in an **agile development environment.**
- Improved **debugging and problem-solving skills**, resulting in seamless **feature integration**.
